

Holly Fulton Biography

Following the success of her second season with Fashion East, Holly Fulton continues to make waves with her contemporary and luxurious, geometric, crystal and perspex encrusted take on fashion.

A graduate of the RCA, Fulton decided to go it alone after a spell working on womenswear and accessories for Lanvin; an experience which has shaped her dedication to creating a total look within her highly visual, embellished collections.

Within her work, bold, hand-drawn graphic prints, combine with signature embellishment in perspex, Swarovski crystal, exotic skins and metal, to create the feel of one giant collaged form of jewellery, adorned with statement necklaces and accessories to complete the look

Holly Fulton is the winner of Young Designer of the Year Awards at the Scottish Fashion Awards.
